

Hasnain Irshad Bhatti

Daejeon, South Korea

Email : hasnain@kaist.ac.kr

Mobile : +82-010-4240-8980

EDUCATION

- **Korea Advanced Institute of Science and Technology** Daejeon, KR
Master of Science in Electrical Engineering (Advisor: Prof. Jaekyun Moon) Sept. 2020 – present
- **University of Engineering and Technology, Lahore** Lahore, PK
Bachelor of Science in Electrical Engineering; GPA: 3.85/4 Oct. 2016 – July. 2020

RESEARCH EXPERIENCE

- **MoonLab, KAIST** Daejeon, KR
Lab Researcher Jan 2021 - Present
 - **Federated Learning:** Working on resolving issues of heterogeneity and reducing communication burden on clients with novel update schemes.
 - **Split Learning:** Working on methods to alleviate update locking problem and allow parallelism in split learning by decoupling layers.
- **Al-Khawarizmi Institute of Computer Science, UET Lahore** Lahore, PK
Research Intern April 2019 - Dec 2019
 - **Accident Detection:** Developed real time accident detection technique using deep learning and computer vision that detects and forensically analyze the accident scene. Deployed it on Nvidia Jetson nano.
 - **Depth Estimation:** Estimated depth of vehicles on the road from monocular camera using vanishing points of the road and exploiting geometrical approaches. Implemented depth estimation using blur content in the images.
- **Advanced Communication Laboratory, LUMS** Lahore, PK
Research Intern July 2019 - Dec 2019
 - **Breathing Rate Estimation:** Worked on the estimation of breathing rate of a person using RSS(received signal strength) of WiFi signals.
 - **Modeling Complex Environment:** Modeled and evaluated the channel for complex environmental factors in the breathing rate estimation and extended the model to incorporate multi-person scenario.

PUBLICATIONS

- Dong-Jun Han, **Hasnain Irshad Bhatti**, Jungmoon Lee, and Jaekyun Moon, "Accelerating Federated Learning with Split Learning on Locally Generated Losses", ICML Workshop on Federated Learning for User Privacy and Data Confidentiality, July 2021.

WORK EXPERIENCE

- **Fouji Fertilizer Company Ltd** Sadikabad, PK
Engineering Intern July 2019 - Aug 2019
Assessed the diagnostic and repair of electrical and mechanical faults in electrical equipment. Participated in re-winding procedure of AC motors. Analyzed the electrical transmission and distribution system of the factory.
- **The University of Lahore** Lahore, PK
Project Intern July 2018 - Nov 2018
Participated in Multipurpose Wheelchair project. Designed and installed control system for remotely controlling the wheelchair. Programmed RPLidar for SLAM (simultaneous localization and mapping)
- **Descon** Lahore, PK
Summer Intern Aug 2018 - Sep 2018
Explored the critics of project management and involved in the debugging of SLD(single line diagram) of power houses for the ongoing Kurram Tangi Multipurpose Dam project.
- **Nestlé** Sheikhpura, PK
Summer Intern June 2018 - July 2018
Took part in the routinely maintenance visits of electrical systems. Supervised the installation of Electric-Panels at LT side. Updated the whole SLD of the factory.

- **Shezan International Company** Lahore, PK
Summer Intern *Aug 2017*
 Designed the wiring scheme for mess hall and gained hand-on experience in making Star-delta, DOL and LV panels.

TEACHING EXPERIENCE

- **UET Lahore, Electrical Engineering Dept** Lahore, PK
Teaching Assistant, Introduction to Programming *Fall 2019*
- **UET Lahore, Electrical Engineering Dept** Lahore, PK
Teaching Assistant, Digital Systems *Fall 2018*

ENGINEERING PROJECTS

- Crime Scene Detection and its analysis using deep learning.
- Multipurpose Wheelchair (Joystick and Remote Control) with Raspberry Pi.
- Two-wheel self-balancing robot using STM32 micro-controller.
- Smart Switch Board (for Home Automation) using TIVA Launchpad TM4C123G.
- Remote controlled Dimming Circuit using TM4C123G.

SOCIAL WORK

- **Shaukat Khanum Memorial Cancer Hospital** Lahore, PK
Organizer and Volunteer *Aug 2018*
 A science outreach workshop organized and volunteered for cancer diagnosed children. Demonstrated various science experiments using electronic circuitry and microcontrollers to captivate the interest of children and motivate them towards scientific education.
- **UET Primary School** Lahore, PK
Science Communicator *Aug 2018 - July 2019*
 Volunteered for weekly continuous science outreach work for primary school kids. Taught children basic science concepts with the help of microcontroller based advanced visual projects. Organized various fun and informative science activities to provoke scientific thinking.
- **Education for Every Child Foundation** Lahore, PK
Social Worker *Dec 2017 - Nov 2019*
 Volunteered as director education to help make the quality of education better for deserving children. Designed curriculum for primary school students. Involved in the charity collection, books and uniform purchase and other fund collection campaigns.

HONORS AND LEADERSHIP

- **Vice President Operations:** IET On Campus UET Lahore, 2019-2020.
- **Director Education:** Education for Every Child Society, 2019-2020.
- **Dean's roll of honor:** Fall 2016, Spring 2017, Fall 2017, Spring 2018, Fall 2019.
- **Best Microprocessor Project Award:** Electrical Engineering Dept, UET Lahore, 2018.
- **Scholarship Recipient:** Pakistan Engineering Congress (2018, 2019).
- **Award:** Laptop from Prime Minister Laptop Scheme based on excellence, 2018.
- **Head Robotics:** IET On Campus UET Lahore, 2018-2019.

PROGRAMMING SKILLS

- **Languages:** Python, Pytorch, C, Java, Verilog, x86 assembly, SQL **Microcontrollers:** RPI, STM32, Tiva-C series, Intel Cyclone-V, Arduino
